Machinery.

ENGINEERING EDITION.

Index to Vol. XV.

September, 1908, to August, 1909.

1909.

THE INDUSTRIAL PRESS.

49-55 LAFAYETTE ST.,

NEW YORK.

A

Index to Vol. XV.

Abbott, Paul W.
Automatic Lathe Stop and Tell-tale. 50
Abbreviations for Bolts, Nuts, etc. 209
Grinder Kinks 264
Lathe Kinks 432
Removing Bushings from Turrets 547
Abbreviations for Bolts, Nuts, etc. Paul W. Abbott..... 209
Abuse of Patent Rights, An. 191
Accident, Orville Wright's Aeroplane 192
Accidents in the Foundry, Prevention of 236
Accounting System, The Value of an Efficient.... 680
Accurate Screw from an Inaccurate Lead-Screw, Cutting an. Racquet 375
Accurate V Blocks, Planing 382
Acknowledgment of Advertising Matter, The 293
Acme Drill Co.:
High-Speed Twist Drill.. 157
Acme Machinery Co.:
A Hot Pressed Nut Machine 321
Acme Mfg. Co.:
Gas-Engine Air Compressor 551
Adamite Surface Machine Co.:
Grinding and Polishing Machines 988
Addition and Subtraction of Fractions, Slide Rule for. Wm. C. Michael 380
Adjustable Collet Co.:
Solid Adjustable Threading Die for Use on Turret Lathes 216
Adjustable Reamer, Improved 392
Adjustable V-Block. C. E. Hale. 631
Adjustable Wrench, Crescent. 403
Adjustments for Columbia Calipers, Improved..... 727
Advance of Engineering Education, The 32
Advantage of Ignorance, An. Alfred N. Hammond..... 137
Advertising Matter, The Acknowledgment of 293
Advertising, Specific 33
Aerial Navigation..... 515
Aerial Navigation, Belgian Prize for Paper on..... 843
Aerial Navigation in 1908, Money Expended on..... 795
Aerial Pleasure Yacht to be Built, First..... 848
Aeronautic Records..... 119
Aeroplane Accident, Orville Wright's 192
Aeroplane by Wyckoff, Church and Partridge, The Manufacture of the Herring-Curtiss 988
Aeroplane Crosses English Channel 991
Aeroplane Development, Commercial Importance of... 192
Aeroplane, Distance-breaking Record of Wright's..... 548
Aeroplane, The Manufacture of the Wright..... 927
Aeroplane-Type Flying Machines. Harry Wilkin Perry 246
Aeroplanes, First Exhibition of 602
Aeroplanes, Separate Buildings to be Erected for Airships and 526
Agents, The Experience of Purchasing 444
Air Blast on the Punch Press. Herbert C. Barnes..... 967
Air Compression, New Idea in 36
Air Compressors, Dallett.... 478
Air Compressors for Industrial Service, A Line of Belt-Driven 77
Air-Cooled Cylinders, Manufacturing. F. J. Haynes.. 533
Air Hardening Stand, Krieger Tool & Mfg. Co.'s..... 314
Airship of Large Dimensions, An 778
Airship, Performance of Count Zeppelin's New.... 360
Airship, The Commercial. C. A. McCready 957
Airship, Zeppelin's Last Record—The De Bausset Vacuum 869
Airships, Separate Buildings to be Erected for Aeroplanes and 526
Ajax Mfg. Co.:
Ajax High-Speed Stop Motion Bulldozer 304
Alcohol as a Fuel for Internal-Combustion Engines. 365
Alcohol Motor Cab in New York, First 410
Alcohol to be Made from Natural Gas, Denatured..... 186
Aligning Shafting, The Kinkead System of..... 816
Allen, Walter M., Obituary of 570
Allowance for "Set" of Locomotive Piston Rings in Terms of Diameter..... 972
Alloy, A New Aluminum.... 27
Alloy, Composition Used for Typewriter Keys 446
Alloy Known as Monel Metal, An 652
Alloy Steels for Motor Car Construction 955
Alloy Steels, Mechanical Construction Made Possible by 264
Alloys for Bearings, Anti-Friction 672
Almond Mfg. Co.:
An Enclosed Pinion Type Drill Chuck 322
Alteration Sales, Falsity of. 566
Aluminum Alloy, A New... 27
Aluminum, Amount of Export 460
Aluminum and Copper, Soldering. T. Iles..... 973
Aluminum Castings, Cause of Pin-Holes in..... 192
Aluminum, Decline in Price of 446
Aluminum Paint, The Making of 942
Aluminum Wire, Use of Bare 446
American Anti-Accident Association Meeting 571
American Blue-Print Paper Co. Reproduction Process 560
American Gas Furnace Co.:
Gas Furnace for Hardening With Barium Chloride 77
Heating Machine for Tempering and Coloring Steel Parts 233
American Mechanic in Europe. Oskar Kylin:
6 78
7 159
American Numbering Mch. Co.:
Metal Numbering Machine 408
American Society of Mechanical Engineers, Annual Meeting of the 323
American Society of Mechanical Engineers, Spring Meeting of the..... 714
American Society of Mechanical Engineers, Washington Meeting of the..... 776
American Tool Works Co.:
15-inch Crank Shaper..... 155
High-Speed Radial Drill... 217
36-inch Triple-Geared Lathe with Turret on Shears.. 389
Back-Geared Crank Shaper. 644
Sensitive Radial Drill... 645
American Wood-Working Machinery Co.:
A Motor-Driven Speed Lathe 321
Analytical Geometry, Solving "A Problem in Trigonometry" by. William Kent.... 139
Anderson, O. A.:
Answer to Casting Puzzle. 546
Andrew & Co., M. L.:
Improved Spindle Arrangement for Andrew Multiple Drilling Machine.... 223
Angle Belt Drives, Locating. 712
Angle of Inlet and Exhaust Cams, How to Find Included 947
Angular Reamer from Chattering, To Keep an. Roy B. Deming 626
Annealing Furnace, Hardening and..... 559
Annealing Pyrometer, Leeds & Northrup Hardening and. 802
Annealing Steel, New Packing Material for..... 652
Answer to Casting Puzzle.. 546
Answer to Casting Puzzle. O. A. Anderson 546
Answer to Casting Puzzle. Robert Grimshaw 546
Answer to Casting Puzzle. Wm. Pfonts 546
Anti-Accident Association Meeting 571
Anvils and Forges. James Cran 681
Apartment Building to be Largest in World, Proposed 124
Appliances, Some Interesting Shop 941
Apprentice Educational Scheme, New 824
Apprentices, Educating..... 447
Apprentices in the Cincinnati Milling Machine Co.'s Shops, Instruction of..... 299
Apprentices, Ludwig Loewe & Co.'s School for..... 82
Apprenticeship Problem, The. 609
Apprenticeship System, The New York Central Lines.. 524
Apprenticeship Systems, Industrial Training Through 713
Approximate Fractions, On Obtaining. Mitchell Dawes. 137
Arbor, Improved Expanding Milling Machine. Frank G. Sterling 209
Arbor, Self-Centering 158
Arbors for Holding Work in the Milling Machine..... 521
Arch Bars, Bending Stresses in Car Truck. W. E. Johnston 371
Arc Lamp Carbons, Cement for 55
Arc Lamp Composed of Carbon Disks 947
Arden:
Useful Salve 55
Arid Regions in the West, Reclaiming 778
A. R. M. M. and M. C. B. Associations and Conventions 911
Armature Bar Clips, Bending Die for..... 886
Armor Plate Planing, Rapid Steel 293
Armor Plates, The Casting of 683
Armstrong-Blum Mfg. Co.:
"Marvel" Draw-Cut Hack-Saw 234
A Grinding Attachment... 321
No. 2 "Marvel" Draw-Cut Hack-Saw 637
Armstrong Bros. Tool Co.:
Quick-Action Drill Vise... 223
Armstrong Knurling Tool. 315
Artisan's Guild Direct-Belted Grinder with Self-Oiling Loose Pulley 482
Artistic Blacksmithing 350
Ash, H. R.:
A Thumb-Screw that Won't Jar Loose 971
Ashes for Pillars in Coal Mines 82
A. S. M. E. Conventions, Entertainment Features of the 773
Assembling Work, Application of Lifting Devices to. Alfred Spangenberg 459
Assuan Dam on Value of Land, Effect of the Building of the..... 360
Attachment for Brown & Sharpe Milling Machine Vises, An. J. T. George.. 209
Attachment for Cutting Helical Steel Gears..... 983
Attachment for Milling Machine, Universal 651
Attachment for the Drawing-Board. W. L. Van Ness.... 796
Attachment, Starrett Center Gage 730
Attachments for Flexible Shaft Grinder. W. J. Thompson 543
Atwood, Louis J., Obituaryof 569
Authorities, Blind Acceptance of 772
Autogenous Welding 191
Autogenous Welding as a Means of Repairing Cylinders. Henry Cave 591
Autogenous Welding Equipment Co.:
Autogenous Welding Equipment for Light Work.. 906
Autogenous Welding Equipment for Light Work.... 906
Autogenous Welding Oxy-Acetylene Process of Metal Cutting and..... 126
Autogenous Welding to Automobile Repairs, The Application of. Henry Cave.... 266
Automatic Center Punch, Another Use for the..... 704
Automatic Die-Head, Diamond 314
Automatic Escape-Wheel Cutting Machine, Waltham... 315
Automatic Feed Shear, Bertsch 979
Automatic Gear-Cutting Machine, Lees-Bradner..... 980
Automatic Indexing, Coulange System of..... 685
Automatic Machine, Pressure Compensating Device for. Peter Zulinke 965
Automatic Multiple-Spindle Screw Machine, Peerless.. 301
Automatic Profiling Machine 113
Automatic Screw Driving Machine, Reynolds 394
Automatic Screw Machine, Large Collet Made on.... 289
Automatic Screw Machine, Magazine Attachment for Cleveland 320
Automatic Screw Machine Work, Some Interesting... 203
Automatic Shaft Lubricator, Van Doren 900
Automatic Turret Lathe with Self-Selecting Feeds, Herbert 183
Automobile, A Spring Wheel for the 868
Automobile Clutch, Moore and White 903
Automobile Cylinder Re-boring Machine, Underwood.. 733
Automobile Cylinders, Beaman & Smith Duplex Boring Machine for..... 150
Automobile Design, The Trend of 549
Automobile Engines, Horse-Power Formula for..... 867
Automobile Factory, Organization and Equipment of an. C. B. Owen..... 493
Automobile Factory Tools and Devices, Special. Ethan Viall 673
Automobile Factories, Special Tools and Devices for. Ethan Viall 581
Automobile Manufacture, Machines and Tools for. C. B. Owen 757
Automobile Manufacture, The Increase in..... 848
Automobile Parts, Broaching. Ethan Viall 596
Automobile Pneumatic Tires, Detachable Rim for..... 249
Automobile Race, Conclusion of the New York-Paris... 34
Automobile Repairs, The Application of Autogenous Welding to. Henry Cave. 266
Automobile Shop, Drop Forge Work in an. Ethan Viall. 17
Automobiles, Aim in Reduction in Price of..... 616
Automobiles, Enforced Superior Mechanical Design in. 358
Automobiles Registered in New York State..... 582
Automobiles, Special Railway Cars for the Transportation of..... 360
Avery & Co., William:
Threading Tool 567
Avey Sensitive Drill-Press.. 474
Axle Lathe, Lodge & Shipley Heavy 402
Axle Turning—Methods and Production. William P. Sargent 413
Ayrton, Prof. Wm. Edward, Obituary of..... 325

Babbitting the Pillow-blocks of a Duplex Bed..... 457
Bachmann, H. J.:
Some Uses for Wrought Iron Pipe 291
Tools for Bending Pipes.. 545
A Twenty-five Dollar Tool-making Job 962
Back-Gear Design, Calculations for Cone Drive and. Albert Clegg 197
Backing-Off Machine, Waltham Cutter, Turning and 722
Baird Machine Co.:
A Tilted Revolving Barrel for Drying Small Parts of Wire 233
Four-Slide Automatic Wire Forming Machine 648
Double Horizontal Tilted Tumbling Barrels 892
Baird Mfg. Co.:
Automatic Calculating Time Stamp or Chronograph... 567
Balance Tester for Balancing Pulleys, Armatures and Other Rotating Parts..... 233
Balances in the World, The Most Sensitive 876
Ball Bearing Chuck, Morrow Quick-Releasing 722
Ball Bearing, "Two in One" Annular 233
Ball-Bearing Worm, A..... 862
Ball Bearings, Some Notes on 692
Ballentine Hardness Testing Device 338
Balloons, Successful Wireless Telegraphic Communication with 300

205465

Ball Thrust Bearing..... 650
Band and Block Brakes. A. L. Campbell 100
Band, Gisholt Shop..... 110
Band Saw Sharpener, Rotary File Automatic 728
Banwell, Irving:
Formula for Milling V-Shaped Grooves with Inclined Top and Bottom. 793
Bardons & Oliver:
Motor-Driven Brass-Working Lathe 77
Barnes Co., W. F. & John:
Barnes No. 3 Horizontal Radial Drill 304
Barnes 22½-inch Drill... 897
Barnes Drill Co.:
Gear-Driven Gang Drill... 717
Barnes, Herbert C.:
Method of Laying Out and Cutting Cams 101
A Cam with Some Special Features 704
Air Blast on the Punch Press 967
Barrel for Drying Small Parts of Wire, A Tilted Revolving 233
Barrel, Tilting Tumbling.... 650
Barrels, Baird Double Horizontal Tilted Tumbling.... 892
Barron, James S.:
Chandler's Adding and Subtracting Scale for Fractions 562
Barry & Zecker Co.:
Self-Adjusting Friction Sensitive Drill 486
Friction-Driven Drill Press 987
Base and Foundation of File Cutting Machines. Donald A. Hampson 380
Bath for Hardening High Speed Steel. H. S. Steel. 973
Bath Universal Grinding Machine, Improvements in the No. 2½ 469
Baths, Electro-Chemical Cleaning 103
Battleship, Contemplated Construction of Gas-Engine... 366
Baush Machine Tool Co.:
Tool-holder for High Speed Steel 220
Baush Three-Spindle Drill Press with Multi-Spindle Attachment 820
Bay State Stamping Co.:
Bennett Handy Grease Cup 907
Beale, Oscar J.:
How Many Gashes Should a Hob Have? 628
Beaman & Smith Co.:
Duplex Boring Machine for Automobile Cylinders... 150
A Large Portable Boring Machine 322
Large Traversing Head Boring Machine 567
Beams and Girders, Approximate Formulas for Sizes of. C. R. Whittier..... 531
Beams or Girders, Formulas for Crane. C. R. Whittier 668
Bearing, Ball Thrust..... 650
Bearing Design, Example of Step 684
Bearing for High-Speed Shafts 771
Bearing, Hyatt High-Duty Roller 734
Bearing Metals. Joseph H. Hart 926
Bearing, Roller Thrust..... 734
Bearings, Anti-Friction Alloys for 672
Bearings, Roller Relief..... 650
Bearings, Some Notes on Ball 692
Beaudry, Alexander, Obituary of 570
Beche Pneumatic Power Hammer 473
Becker Milling Machine Co.:
Spiral Cutting Attachments for the Becker Vertical Milling Machine 152
Becker, O. M.:
The Newer High-Speed Steels 773
Bed, Truing a Bench Lathe. Walter Gribben 860
Bellows, Obermayer Blue Leather 725
Belt and Rope Drive Surfacers, "Nu-Clinch"..... 893
Belt Drives, Experiments with Rope and..... 434
Belt Drives, Locating Angle. 712
Belt Fastener. A. I. Linsley.. 796
Belt Lacer, Recording Board to Keep Track of the. F. Terry 886
Belt Lacing Device, Mumford Wire 905
Belt Sander and Polisher, Improved Vertical 552
Belt Shifter and Countershaft, Pullet 978
Belt Shifter, Improved Form of. Donald A. Hampson.. 966
Belting, Combined Steel and Hemp 651
Belting, Graton & Knight Co.'s Spartan 803
Belting on its Application, The Effect of Rolled. G. R. Lang 138
Bemis & Call Hardware & Tool Co.:
Adjustable Square-Jawed and Pipe Wrench..... 560
Bemis Hexagonal Milling Machine, The 475
Bench Filing Machine, Chicago 645
Bench Lathe, A New 8-inch. 322
Bench Lathe, Rockford Machine & Shuttle Co.'s Precision 732
Bending and Forming of Fiber Sheets 548
Bending Devices, Two..... 969
Bending Die. Engineer.... 381
Bending Die for Armature Bar Clips. J. A. G. Goulet 886
Bending Device. J. W. Brown 212
Bending Device, Pipe. R. B. Little 295
Bending Machine, Combined Forming and 650
Bending Pipes, Tools for. Henry J. Bachmann..... 545
Bending Rods or Bars, Machine for 322
Bending Stresses in Car Truck Arch Bars. W. E. Johnston 371
Benitz, W. L.:
Rack Cutting on the Shaper 133
Computation Table for Regular Polygons 198
Berlin Suspended Railway, The 115
Bertsch & Co.:
Bertsch Gang Punch..... 477
Bertsch Automatic Feed Shear 979
Besly & Co., C. H.:
Besly Double Spiral Disk Grinder 977
Besly, Charles Howard, Obituary of 488
Bevel Gear Blanks in the Davis Turret Lathe, Finishing 159
Bevel Gear Gage, A..... 377
Bevel Gear Problem, A. Edw. Person 628
Bickford Drill and Tool Co., Consolidation of the Cincinnati Machine Tool Co. and 574
Bickford & Washburn:
Tap Thread Milling Machine 550
Billings & Spencer Co.:
Model C Drop Hammer... 144
Hob Saw 224
Milling Machine for Die Cutting 231
All-Steel Screw-Driver... 567
Binder for Preserving Articles of Special Interest. J. A. Caless 542
Bird in the Hand, etc., Applied to Manufacturers... 189
Bit-Brace Taps, Dimensions of 548
Black-boards, Two Useful... 971
Black Finish for Steel. E. W. Norton 55
Black Nickel Coatings on Metal Surfaces, Producing 329
Blacksmith, "Don'ts" for the. George T. Coles..... 443
Blacksmith Shop Neglected? Why Is the..... 359
Blacksmith Shop, Notes on the Economical Working of the. James Cran..... 520
Blacksmith Shop, Tools for the. James Cran..... 24
Blacksmith Shops, Tools for Increasing Production in. James Cran 184
Blacksmithing, Artistic 350
Blacksmithing, More Artistic 607
Blackwells Island Cantilever Type Bridge. The Queensboro or 736
Blade Stop for Lang Tool-Holder, Positive 909
Blank, C. S.:
Holder for the Ink Bottle 631
Blanking and Forming Die, Efficient Type of. F. E. Shailor 795
Blanking Dies, Economical Method of Making. James S. Glew 465
Blanks, Gages for Accurately Sizing Bevel Gear. George D. Porter 540
Blanks in the Davis Turret Lathe, Finishing Bevel Gear 159
Blanks that Adhere to Punches, Stripping Cup-shaped Drawn Pieces and. C. Howell Dockson 964
Blast Furnace Gases for Power Production 947
"Bled" Timber Proved as Strong as "Unbled" Timber 861
Blevney, John C.:
Automatic Polishing Machine for Finishing Punchings 726
Bliss Co., E. W.:
Triple-Action Drawing Press 71
Large Presses for Making Side Seams in Cylindrical Work 234
An Automatic Double Slide Press 322
Heavy Quadruple Crank Press 409
Double Crank Toggle Drawing Press 638
Bliss Compound Pneumatic Forging Hammer 889
Bliss Power-Press Clutch. Joseph B. McCann..... 296
Bliven, C. E.:
Distinctive Colors for Piping in a Manufacturing Plant 790
Block Brakes, Band and. A. L. Campbell 100
Block, Making an Engraving. Ethan Viall 781
Blocks and Studs for Setting Up and Holding Large Work, Lang's Heel..... 224
Blount Co., J. G.:
The "Stuyvesant" Turret Lathe 321
Motor-Driven Speed Lathe 486
Blower, A New Pressure.... 320
Blower, Forge with Motor-Driven 554
Blower Utilized for Clearing Work of Chips, Rotary Pressure 366
Blue-print Drying Frame, Williams, Brown & Earle. 319
Blue-print Protector 710
Blue-print Protector. L. H. Georger 468
Blue-printing Kink, A. A. G. Johnson 214
Blue-printing Machine, Governor for Buckeye..... 76
Blue-printing Machine, Rapid 988
Blue-prints, A Direct Process for Copying 321
Blue-prints, How to Save. Charles R. King..... 973
Blue-prints, Lathe Bracket for. L. H. Georger..... 214
Blue-prints, Marking Fluid for. William H. David... 55
Blue-prints, Spots on. Howard D. Yoder 973
Blue-prints, To Save Burned or Over-Exposed. J. C. Hassett 55
Blue-prints Without a Frame, Making. C. E. Burnap..... 47
Bluing Compound 548
Bluing Metals. Joseph Weaner 707
Boat Destroyer, Tartar, Record-Breaking Speed of the Torpedo 571
Boats to be Used on the Missouri River, Reinforced Concrete 192
Bocorselski, F. E.:
Tool-holder for High-Speed Steel 220
Improved Spindle-Adjusting Device for Multiple-Spindle Drills 398
Boiled Shirt Idea, The Fallacy of the..... 825
Boiler Capacity, Great Possible Increase of..... 666
Boiler Stack was Erected, How a Big..... 206
Boiler Tester, A Portable Locomotive 631
Bolt and Pipe Threading Machine, Alfred Box & Co.'s Multiple Die 393
Bolt-Cutter, Mummert, Wolf & Dixon High-power Plurality Die 639
Bolt Heads, Automatic Trimming Machine for..... 152
Bolt Screw Threads, Carriage 949
Bolt Taps, Stove 539
Bolts, Nuts, etc., Abbreviations for. Paul W. Abbott 209
Bonney, C. S.:
Automatic Reversible Tapper 234
Book-Making, Profit in Technical 634
Bored Holes. Machining Plane Surfaces True with. R. C. Scholz 291
Boring and Planing Corliss Engine Cylinders 205
Boring and Reaming Bar.... 234
Boring and Turning Mills, New Line of Poole..... 316
Boring Bar, Nappance Portable 718
Boring-Bar, Special 137
Boring-Bars and Heads. Lucien L. Haas..... 665
Boring, Drilling and Milling Machine, Coffman Universal 407
Boring, Drilling and Milling Machine, Fosdick Horizontal 146
Boring, Drilling and Milling Machine, Fosdick Motor-Driven Horizontal..... 731
Boring, Drilling and Milling Machine, Newton Horizontal 318
